IMPORTANT INFORMATION ABOUT THE 2018 DIRECTORY

The *National Directory of Mental Health Treatment Facilities - 2018* is a listing of federal, state, and local government facilities and private facilities that provide mental health treatment services. It includes treatment facilities that responded to the 2017 National Mental Health Services Survey (N-MHSS). The information about each facility that appears in this Directory was provided by that facility in response to the 2017 N-MHSS. The N-MHSS is conducted annually by the Substance Abuse and Mental Health Services Administration (SAMHSA).

The Directory is ordered alphabetically by state, by city within each state, and by facility name within each city. Each facility listing includes codes that represent the services offered and other features of the facility, including codes that indicate services for hearing impaired and non-English-speaking clients. Codes are defined in a key shown on pages v-vii. Because the services offered by a particular facility may change over time, it is always a good idea to verify the information in this Directory when contacting a facility.

The Directory is also available online in a searchable format with maps showing the location of each facility. Go to <https://findtreatment.samhsa.gov>. Since the online listing is updated regularly, more current information may be available there than in this Directory.

NOTE TO TREATMENT FACILITIES

If your facility meets the criteria for inclusion by providing mental health treatment and is not listed in the Directory, email or call the new SAMHSA contractor, Eagle Technologies, Inc., as directed below.

The online version of the Directory, the Behavioral Health Treatment Services Locator, is updated throughout the year. *If you have a facility to add or changes to report for your facility, please provide complete information to Eagle Technologies by email (Locator@eagletechva.com), or by calling 1-877-250-4665, or by mailing to:*
